Next to New York and London, Paris has always been a major destination for street artists and aficionados. Multicultural and sophisticated, it is a city made for art of all kinds. Nowhere is the pulse of creativity more apparent than in its street art. Charged with colour, humour and social commentary, the 150 images captured in this book represent an open-air museum whose canvases are perpetually transformed. From the city centre to the outer banlieues, from stencil and spray paint to stickers, this collection reveals the creative energy fueling the Paris underground art scene.
