isbn:9780323043786

Designed to accompany Volume 2 of Paramedic Practice Today: Above and Beyond, this 1,250-item workbook provides practice and reinforcement of the key material covered in the textbook. Volume 2 of the workbook corresponds to the second volume

of the textbook, matching the text chapter for chapter.

Chapter Objectives serve as a checklist for learning. Multiple question formats include matching, short answer, multiple choice, true/false, labeling, and case studies, testing your knowledge in a number of different ways. Short-answer questions often show your strengths and weaknesses most accurately, because you must think of the answer entirely on your own. Multiple-choice questions prepare you for this popular testing format. Labeling questions help visual learners. Case studies help you integrate your knowledge with real-life situations. Chapter Summaries provide bulleted lists of the main points in the book and serve as a reminder of the material that was covered in Volume 2 of the textbook. An answer key with rationales is included for all of the items in the workbook. A glossary includes key terms from both volumes of the textbook, providing you with a comprehensive quick reference for unfamiliar words.
