出版时间:2009-2-28

装帧:Paperback

isbn:9780773534889

Catherine Mill's critical introduction covers the full range of Agamben's work, presenting his key concerns - metaphysics, language and potentiality, aesthetics and poetics, sovereignty, law and biopolitics, ethics and testimony - as well as his powerful vision of post-historical humanity. Highlighting the novelty of Agamben's approach while situating it in relation to the work of other continental thinkers, *The Philosophy of Agamben* presents a clear and engaging introduction to the work of an innovative and influential thinker.
