出版时间:2008-8

装帧:

isbn:9780824968267

This introductory craft book for children ages two to six will have children up to their elbows in hands-on activities. With more than 70 craft projects, children will learn about the world around them as they explore various concepts through crafts. Readers will also learn about other countries through international-themed projects. Whole learning options assure every child a positive outcome and simple materials encourage each child's self-expressive nature.
