著者:Igor Siqanowicz

出版者:DK Publishing

出版时间:2009-03-16

装帧:Hardcover

isbn:9780756645137

This visually stunning natural history book brings the animal kingdom closer than you've ever seen it before. Dramatically close-up images of animals from insects to reptiles to mammals to birds reveal spectacular patterns and shapes. The colors, textures, and structures of all parts of an animal are presented in breathtaking photographs, challenging the reader's understanding of animals and their habitats.
