Dally is a new puppy at the Littlest Pet Shop. He can't wait to meet the other pets! A friendly tabby cat comes along and shows Dally around his new home. Dally is so eager to fit in that he dashes, crashes, tumbles, and fumbles all over the pet shop causing one disaster after another. Will the other pets stay away from this frisky puppy? Or will they make a new puppy friend who can teach them all a few new tricks? This chapter book with full color illustrations is perfect for emerging readers and Littlest Pet Shop fans!
