"The Big Book of World War II" is a comprehensive guide, bringing young readers through the archives of history to learn about this epic war and how the world was changed as a result. It joins "The Big Book of the Civil War" and "The Big Book of U.S.

Presidents" as the most accessible and complete (not to mention fun) one-subject reference book available, making it perfect for history reports and learning. Inside, readers can find historical photographs, accurate maps, beautiful paintings, factual timelines, and more. This book is a wonderful addition to any child's or teacher's library.
