"The British Pharmacopoeia" ("BP") 2009 is the authoritative, current collection of standards for UK medicinal substances and the official source of all UK pharmaceutical quality standards. It is an essential reference for anyone involved in pharmaceutical research, development, manufacture and testing, and plays a vital role in ensuring that all medicinal substances on the UK market meet standards of safety, quality and efficacy. The "BP" comprises monographs, which set out the mandatory standards for active substances, excipients and formulated preparations, together with supporting General Notices, Appendices (test methods, reagents, etc) and Reference Spectra. Detailed information and guidance on various aspects of current pharmacopoeial policy and practice are provided in the Supplementary Chapters of the "BP". The "BP" is supplied in a variety of formats designed for ease of use and a wide range of applications. The hard copy edition comprises a five-volume boxed set containing the "BP" in four volumes and the "BP" (Veterinary) volume, plus single user access to the "BP" Online, the dedicated BP website. The online format is easy to network, allowing

access for a specified number of users or across an entire organisation site. Following registration - using the ID code supplied with the hard copy - customers will be granted a single user licence to access BP on-line and will have the option to receive the CD-ROM, which contains the whole of the current "British Pharmacopoeia". It is effective as of 1 January 2009. It includes: a significant number of new UK monographs; all "European Pharmacopoeia 6th Edition" material up to and including "Supplement 6.2" integrated into the text of "BP 2009"; new and revised monographs for Complementary, Herbal and Homoeopathic medicines with their own section in Volume III; and networking with full technical support from TSO, the publisher of the "BP". The on-line version delivers the complete text of the "British Pharmacopoeia and European Pharmacopoeia" standards to your PC. The new features include an alphabetical index, user-friendly search interface design, and a facility to create a 'My BP' section. "British Pharmacopoeia 2009" eBook - "The complete British Pharmacopoeia 2009" is now available exclusively to "BP 2009" purchasers in an innovative new format. The eBook is greatly suited to this large reference text making the information contained within it available to all of those who wish to access it on the move and away from their desks. British Pharmacopoeia 2009 Concurrent Licence (Online) - "The British Pharmacopoeia" is available as a network licence which can be used on a concurrent user basis. It allows a designated number of staff simultaneous access to the online version of the "British Pharmacopoeia 2009". Once set up, your workforce can then start using the BP at their convenience.
