As Mark Twain so famously opined, Clothes make the man, and no piece of clothing proves that adage more than the tuxedo. The most iconic piece of clothing a man can

own, the tuxedo speaks volumes about its wearer. Powerful, luxurious, smart, and sexy, the tuxedo proclaims the superiority of a good tailor and a good man. Black Tie grazes through the history of this remarkable garment, marking its highs and lows and defining its evolution. From the aristocracy of Charles I to the smart styling of Beau Brummell to suave old Hollywood titans such as Cary Grant, Laurence Olivier, Fred Astaire, and Gary Cooper, men s tuxedo fashion has become an indispensable part of every well-dressed man s wardrobe.
