Carrie Sinclair thought she knew exactly what she wanted from life until she came face-to-face with the bluest eyes in Texas. Caterer Carrie Sinclair thinks she has the perfect life and doesn't need a man to complete it. Then, quite by accident, she comes across the man of her dreams. Tyler Bennedict is perfect boyfriend material: Charming, sweet, rich, and incredibly sexy. One night in his arms, and all her usual warning bells about men go silent. She should have listened to those bells, and to Aunt Mable. Enter Tyler's real estate tycoon father, Richard. He makes it relentlessly clear she is not the woman for his son, and comes up with creative ways to keep them apart until Carrie sees the light. In one fell swoop she swears off all men, closes her business, and gets out of Austin. But no matter how far and how fast you run, the unexpected bumps in the road have a way of revealing the truth and turning your life and your heart a complete 180.
