No one else in the political arena inspires as wide a range of passionate feelings as Hillary Rodham Clinton. Cold or competent, overachiever or pioneer, too radical or too

moderate, she continues to overturn the assumptions we make about her. In *Thirty Ways of Looking at Hillary*, New Yorker editor Susan Morrison has compiled a timely collection of original pieces by America's most notable women writers. The result is a dazzling and revealing pointillist portrait of this complex and controversial politician.
