David Conners, M.D., is on the fast track to creating a perfect life when his seven-year-old daughter disappears. David's all-consuming quest to find her -- dead or alive -- threatens to destroy everything he has left: his medical practice, his marriage, his integrity, and even his soul. If Rachel is dead: Can a parent forgive someone who has done the unthinkable? Can David forgive himself? If she's alive: Can David find her in time to save her?
