Using nothing more than a computer, a video recorder, and an Internet connection, Soulja Boy Tell 'Em managed to launch a hugely successful hip-hop career when he was 16 years old. He pioneered a new trend in music promotion and grew a worldwide

fan base with Web sites like YouTube, MySpace, and SoundClick. Soulja Boy Tell 'Em was famous by the time the record companies came calling. Although he is best known for his hit singles and the dance craze he inspired, this young rapper is also a mogul in the making. He is constantly working to promote his name and take his brand to the next level. This book details the many successes Soulja Boy Tell 'Em has enjoyed so far and explores the impact that he has had on hip-hop and modern culture.
