isbn:9780375856662

Enter this beautiful garden and see what opposites you' ll find! A short caterpillar and a long garden snake, a closed bud and an open blossom. These delightful images will teach youngsters about basic opposite concepts, and about the charms and wonders of the outdoors!

This simple book has a surprise treat at the end—a gatefold displaying the whole garden, with opposites galore for little ones to search for. Plus, sturdy cardstock pages make this book perfect for reading indoors . . . or for taking to the park!
