Ensure your students have access to the authoritative and in-depth content of this popular and trusted A Level History series. For over twenty years Access to History has been providing students with reliable, engaging and accessible content on a wide range of topics. Each title in the series provides comprehensive coverage of different history topics on current AS and A2 level history specifications, alongside exam-style practice questions and tips to help students achieve their best. The series: - Ensures students gain a good understanding of the AS and A2 level history topics through an engaging, in-depth and up-to-date narrative, presented in an accessible way. - Aids revision of the key A level history topics and themes through frequent summary diagrams - Gives support with assessment, both through the books providing exam-style questions and tips for AQA, Edexcel and OCR A level history specifications and through FREE model answers with supporting commentary at Access to History online (www.accesstohistory.co.uk)

The American Civil War: Causes, Courses and Consequences 1803-1877 The book begins by focusing on the westward expansion in America and the problems this caused. It then goes on to look at the rise of the Republican Party and the 1860 presidential election. The causes of the Civil War are traced, as well as the major conflicts during the War, and the conclusion is extended to look both at the Union victory, and the reconstruction period that followed.
