The TRIAD, Working with SimNet textbook is a brief, skills-based text you can use directly with SimNet Online, our online training and assessment program for Office 2007. Created from the "Teach Me" pages within SimNet, this title is a functional

skills-based book that corresponds directly with the technology program. This text allows an instructor to focus on any one application they are teaching and quickly move in and out of other applications because of its skill-based approach. This concise text allows students to fully master Office 2007 skills .
