From the renowned author team that has been writing market-leading business statistics textbooks for more than 20 years, ESSENTIALS OF MODERN BUSINESS STATISTICS with Microsoft Office Excel, Fourth Edition, provides a brief introduction to business statistics that balances a conceptual understanding of statistics with the

real-world application of statistical methodology. The latest version of Microsoft Excel, Microsoft Excel 2007, is integrated throughout the text, showing step-by-step instructions and screen captures to enhance student learning. The fourth edition contains the same student learning features that have made ASW products best-sellers for years, including the problem-scenario approach and real-world examples that introduce statistical techniques.
