The nationally bestselling, inspiring memoir from Red Sox hero and MVP of the 2007 World Series, third baseman Mike Lowell— now in trade paperback. In 2007, the Red Sox third baseman Mike Lowell triumphed over a lifetime of adversity when he led the world’s most zealously followed baseball team to their second World Series title in four years. But there was much more to the story than what happened that night in October.

From his battle with testicular cancer, to the ups and downs of his baseball career, to the extraordinary journey and struggles of his Cuban family under the Castro regime, this is the story of a man who overcame every challenge thrown at him to become one of the best third basemen in baseball—and a true role model for his millions of fans.
