"'Standard Catalog of' Military Firearms, 5th Edition' continues to break new ground by adding values for collectible clips and magazines, along with the traditional gun and bayonet price listings. Original clips and magazines can double a collectible gun's

value and all buyers want to ensure the accessories they purchase are original and appropriate for their gun. Readers will pore over the easy-to-use reference listings, 1,600 pictures, and values for 2,000 models of military firearms manufactured between 1870 and today.
