Most of us have at least one ?old? item that looks like it could be an antique, and most certainly collectible. But, we don't always know what ?it? is exactly, or what its worth, and that can be the difference between a valuable treasure, and a treasure with more sentimental value. For aspiring and experienced collectors alike, the pricing and identifying answers you?re looking for, market insight you value, and beautiful auction-quality photos you admire, are in this history-marking price guide. Plus, the bonus DVD demonstrates what to look for and how to inspect pieces for indications of fakes and reproductions.
