Discover the x-factor--the driving force behind extraordinary success. What accounts for the difference between the mega-success of Madonna and a thousand other wannabees waiting in the wings? Why did JK Rowling succeed where so many others

aspiring writers have failed? And what was it about the slightly neurotic and mediocre schoolboy Sigmund Freud that ensured his position as one of the most brilliant and original thinkers in history? In this engrossing new book, Taylor builds on his theory that feeling like an 'outsider' from an early age, whether consciously or subconsciously not fitting into the norm, creates an edge that can drive outstanding success in later life. To this core philosophy Taylor adds a new ingredient: that of creativity, and he explores the interplay of these two factors--a lack of belonging and creativity--in the lives of a sparkling cast of individuals. Go beyond the glitz and glamour to discover how creative energy, harnessed to produce lives and works of extraordinary genius, can often exist against a backdrop of personal struggle and despair. From childhood outsider to adult icon, understand the journey of the following celebrities: Brad Pitt - Elvis Presley - Frieda Kahlo - Walt Disney - Sigmund Freud - Albert Einstein - Andy Warhol - Coco Chanel - David Beckham - Dan Brown - John Lennon - Sir Edmund Hillary - JK Rowling - Angelina Jolie - Tiger Woods - Amelia Earhart - Madonna
