isbn:9780415484091

This volume is the fruit of an international collaborative study, which considers the A...land islands settlement in northern Europe as a resolution model for the major Asia-Pacific regional conflicts that derived from the post-World War II disposition of Japan, with particular focus on the territorial dispute between Japan and Russia, the Northern Territories/Southern Kuriles problem. The contributors provide analysis of the A...land settlement, the Japan-Russia territorial dispute and A...land-inspired solution ideas by experts from all over the world, including government officials, scholars and military specialists. "Northern Territories, Asia-Pacific Regional Conflicts and the Aland Experience" will be of interest to advanced undergraduate and postgraduate students, as well as academics working in Asian studies, politics, international relations, conflict resolution and security studies.

十年之前的论文集了，关于北方四岛的认知就是很难解啊，十年前就说是持久战十年后证明果真如此，随着日方态度越来越强硬，妥协案估计很难实现了，当时都开始展望梅德韦杰夫新时代了结果哈哈哈，Sarkisov那一篇关于中方力量的平衡还挺有意思的，用了挺长的篇幅写中国和俄的关系，然后中间麻生太郎“50-50”理论发表前夕老师刚刚出书，一起上了朝日，回想起来人生辉煌期了2333。关于北方四岛的日本学者还有用日语写论文的俄罗斯学者很多，被老师吐槽那还有什么翻译的意义，Aland的自治那一篇讲的还是很细，有点科普的感觉了，还是有一定的借鉴意义，对北方四岛也是对我国也是。
