This fully revised edition of the most authoritative guide to science proposal writing is essential for any scientist embarking on a thesis or grant application. Completely updated and with entirely new chapters on private foundation funding and interdisciplinary research, the book explains each step of the proposal process in detail. Praise for the first edition: "This exceptionally useful and affordable handbook will serve as a refresher to seasoned writers and as a guide and source of encouragement for first-time authors."--C. L. Sagers, *Ecology* "This inexpensive book could prove to be your best investment of the year."--*Bioscience*
