"Discovering Leadership" will provide core reading for any leadership course from undergraduate to postgraduate and MBA and features a 'discovery' mode of teaching developed by the Open University. This book brings together key articles with newly commissioned introductions. It provides a critical and accessible examination of the topics. The pedagogical features help students to explore the issues and become reflective learners.A reader aimed at undergraduate, post-graduate and MBA students taking a module in Leadership, it brings together a collection of 24 highly-cited articles and specially commissioned pieces on leadership. Critical, yet accessible, it is an ideal introduction to the subject.
