Following the success of the deluxe edition, Golf Courses contains David Cannon's gorgeous photos of more than eighty of the world's most extraordinary courses: savor the 11th hole of the historic St. Andrew's Old Course bathed in morning light; glimpse African wildlife from a green at Leopard Creek, South Africa; experience the 15th hole at Cape Kidnappers, New Zealand, with its intimidating clifftop green; and many more. A majestic tribute to the game, Golf Courses is the perfect must-have gift for casual and serious golfers alike.
