Everything you need to know to make working from home a reality from finding a new job to changing your current job into a telework position. Now available in audio format for the commuter who wishes to work from home, "The Work From Home Handbook" offers advice on how to choose the best home-based career, gain a flexible schedule and attain the ideal work situation. The "Work From Home Handbook" is a life-saving resource for anyone with a horrendous commute, anyone who wishes for a

flexible schedule or more time with family or anyone who dreams of going to work in pajamas. Co-produced with USA TODAY, this book incorporates the advice of two top attorneys with articles and statistics from the nation's #1 news source. Readers will learn to choose the work-from-home career option that best suits their personal, financial and professional goals. The audio book collection incorporates the advice of two top attorneys with material from the nation's #1 news source and is produced in lively, easily accessible segments. With each 60-minute CD, listeners will learn the essential legal, practical, and financial tools for making the work from home career happen. The package also includes the complete, unabridged text of the original book on CD-Rom.
