Welding made effortless! With simple techniques targeted to a wide and general audience, this guide eliminates the intimidation from an all-too-often technical craft. Rather than creating a manual workbook with elaborate, complicated drawings and instructions, Kimberli Matin takes readers on a journey of creative discovery. With purchased steel rod and bar or found metal parts from a salvage yard, plus basic, easy-to-use tools, she shows how to construct 25 whimsically attractive items. From a

garden chair fashioned from an old tractor seat and odd parts to a stunning tri-fold screen and a delicate, filigreed plant stand, these great projects will make welders out of everyone!
