"This book actually giggles."...and so will children, in pure delight. When Mommy Elephant finally gets baby rocked to sleep, she asks Little Elephant to be as quiet as he can. But that's not easy for this noisy, enthusiastic boy, who makes a big din even when doing the smallest thing. Soon, the inevitable happens: HE WAKES THE BABY But there's a big surprise to come: As kids turn the final page, they'll hear baby laugh joyfully...and see a fabulous 3-D pop-up scene, too
