In their cool white hats and stained aprons, deftly wielding a saucepan or barking orders to a line cook, chefs have an undeniable sex appeal. Sexy Dishes: San Francisco spotlights some of the hottest cooks in the city. These are men and women who inspire passion in their staff and customers. Illustrated with sizzling black-and-white photos, the book uses lively chef profiles to offer a window into San Francisco's rich culinary scene. Each chef includes his or her top sexy recipe to let readers recreate the magic at home.
