Patrick Berry's puzzles are unparalleled; whether in the "New York Times" or "Games Magazine", everything he touches turns to mind-stretching gold. Now he has created the most eye-catching crosswords ever seen, in a collection that's as visually gorgeous as it is mentally stimulating. The grids in these puzzles don't look anything like typical crosswords - instead, they come in a variety of shapes, each with its own unique twist. Of course, these attractive challenges are all filled with the freshest words and phrases and clued with a wicked sense of wordplay. This handsome volume would make the perfect gift for any word lover.
