Recruited into a black ops unit after bringing down an illegal fight club, Freedom Smith is now an agent for Phoenix, investigating criminal underworlds. His next assignment: Solve the mystery of the Screamer--a viral video that's already made 13 kids vanish. Freedom faces the music, soon finding himself imprisoned in a nightmare fortress. To escape, he'll have to master Dragon Fire, the ultimate fighting technique, and battle a supernatural enemy immune to his strength. Freedom may be on the ropes, but he'd better rally--his girl Java is about to be sacrificed to a serpent goddess!
