Spring 1989. Three young people leave their far-flung birthplaces to follow their own songs of migration. Each ends up in Montreal, each on a voyage of self-discovery, dealing with the mishaps of heartbreak and the twisted branches of their shared family tree.

Filled with humor, charm, and good storytelling, this novel shows the surprising links between cartography, garbage-obsessed archeologists, pirates past and present, a mysterious book with no cover, and a broken compass whose needle obstinately points to the Aleutian village of Nikolski (a minuscule village inhabited by thirty-six people, five thousand sheep, and an indeterminate number of dogs).
