"Mazes and Puzzles "develops basic math and problem-solving skills with the fun and satisfaction of completing mazes and solving puzzles.

This adorably illustrated book reinforces age-appropriate kindergarten-ready curriculum skills, recognized by educators nationwide, through fun and rewarding

activities. With such extras as colorful stickers, memory cards, and tangrams, kids will enjoy coloring, completing patterns, matching pairs, matching words or numbers to pictures, connecting the dots, solving puzzles, completing mazes, and more.
