This is the story of a handful of young pilots who operated in the northernmost part of Vietnam, along the DMZ. The only aerial unit to support front-line Marines, the 220th Recon Air Force rescued trapped soldiers, delivered supplies, and often made the difference between rescuing a wounded comrade and returning them to their family and loved ones, or laying the corpse to rest in a military grave. From hair-raising tree-top flying, search-and-rescue missions, perilous supply drops, evasion and pursuit, these immediate and harrowing accounts of air combat will fascinate and enthrall all and every reader.
