Charlie's back and she's Wild and Wonderful America's sexiest nanny, Charlie Ford, is back. Fresh from her latest venture in "Charlie Ford Meets Secret Agent Man," our favorite nanny finds herself once again emersed up to her....well, up to 'there' in the world of spies, counterspies and counter-counterspies. Charlie's new-found love is once more in the midst of evil plots and schemes, dragging Charlie and her teen-aged charge into harm's way once again. Espionage, danger, thrills, hot steamy romance and more await our heroine just around the corner. But other, less welcome, things await as well.
