Each title in Barron's popular and enduring "Shakespeare Made Easy" series presents the complete text of a Shakespeare play with Shakespeare's original lines printed on left-hand pages and a modern, easy-to-understand translation of the Bard's Elizabethan English on facing right-hand pages. In addition to the play, each book presents helpful background information for students that places each play in historical perspective, as well as quizzes and questions that teachers can use for short tests and classroom discussions. Here are fine introductions to many of the greatest plays ever written--literary classics that every student should know and understand. In Shakespeare's romantic comedy, "Much Ado About Nothing," a masquerade ball provides the setting for a case of mistaken identity. But love triumphs at the end for Beatrice and Benedick.
