German and English are two of the most-spoken languages in the world. This new German-English Parallel Bible is ideal for native speakers, bilingual readers, and those who are learning either language. This Bible positions two columns of Scripture on each page: the widely used Luther 1984 German text on the left, and the ESV English language text alongside it on the right. It also features textual notes for both translations in the back and is contained in a durable hardcover format.
