The phrase 'three's a crowd' is never more true than when referring to a marriage. Yet affairs affect almost a third of all couples. Wronged women need a place to turn when

the situation 'that could never happen to them' suddenly does. A cheating husband can make a woman feel like her life is over. But readers can put the affair behind them and save their marriage with Dr. Coleman's realistic, down-to-earth strategies. Or, they can decide that they deserve better and move on. This groundbreaking book will show them how.
