Fairies, mermaids, and angels have captivated imaginations throughout the centuries. Embodying all that is feminine, sparkly, and magical, these fantastic creatures have found their ways into countless stories, films, and works of art that appeal to people of all ages. And now anyone can discover how to bring them to life in watercolor with this delightful 64-page guide. Inside, artist-author Meredith Dillman shares the methods of her unique artistic style, which is influenced by Pre-Raphaelite paintings, turn-of-the-twentieth-century book illustrations, and modern-day Japanese manga--a combination that results in beautiful, contemporary artwork. Meredith provides instruction specific to creating the mythical beauties and their whimsical surroundings, showing readers how to draw and paint faces, bodies, hair, clothing, and more. The author also guides readers through several inspiring projects, demonstrating how to re-create the magic step by step.
