Traveling to Turkey? Get ready to speak with the people you encounter This guide--though it takes an easy, informal approach--is carefully authentic and teaches you the Turkish that is spoken in everyday situations youAere likely to experience. So whether you need to order a meal in a restaurant, get a fair price on something in a shop, fit in with the slang-slinging locals in a bar or impress the parents of your new date, youAEll find just the phrases you need.
