"Hitler's Nemesis" traces the development of the Russian army in reaction to the rise of Hitler, Germany's invasion of the Soviet Union in June 1941, and the progression of World War II over the following four years. Caught by surprise in 1941, the Red Army teetered on the brink of destruction before bouncing back to defend Moscow, defeat the Germans at Stalingrad and Kursk, and annihilate the German Army in 1944-45. This is the story of how the Soviets staged this miraculous turnaround.
