Accountants continue to find it difficult to keep abreast of the flood of issuances by FASB and AICPA, as well as the numerous interpretations and bulletins issued to explain them. "Accountants' Handbook, Eleventh Edition, 2009 Cumulative Supplement" has the longest tradition of providing comprehensive coverage to accounting professionals. It provides quick, understandable, and thorough exposure to complex accounting-related subjects. As well, it demystifies the complexity of accounting principles and the practice that dominates the accounting industry increases. It is suitable for accountants, CFOs, and controllers.
