From the duo of Alison McGhee and Scott Menchin comes a hilarious tale of a first recital — and a charming ode to chutzpah and creative flair. Practice makes perfect. And for a little girl facing her first recital of "Dance of the Wood

Elves," so do artistry, imagination (those wood elves sure love to dance!), and lucky underwear for good measure. Is she nervous as she waits and waits for her turn on stage? Hoo boy, no! She's as cool as a cucumber! Every child who has felt the pressure of the spotlight will smile at this comical tale of bravado that turns a onenote performance into an improvisation worthy of a standing ovation. Splendissimo!

一個小女生練了首曲子準備演奏。她覺得自己很冷靜，但是真上場時卻連中央C都找錯，彈了首不是原本練的曲子，不過大人還是很捧場。適合給剛開始練琴的小朋友。
