"This Book Will Change Your Dog's Life" is a radical, transformative, dictatorial antidote to canine self-help manuals. It's for dog-owners everywhere who feel that puppy school is just not enough or that their dogs are getting a bit rut-bound. It offers 365 life-changing challenges for dogs to do with just a bit of human help. For example, one's dog can be a cat for a day, host a bone-tasting evening, or learn to skateboard. One need only follow the instructions, and by the end of the course, human and dog will have successfully subverted the canine stereotype, and Rex (or Roxy) will be able to embark on the next book on his (or her) own. * A quirky, fun book guaranteed to charm dog owners and dog lovers* 365 challenging canine tasks, from the sublime to the surreal* Suitable for any breed* Guaranteed to change a dog's life
