What happens when a young, muscular and good-looking man stands naked in front of you? Do his looks overpower you with a desire to be subjected to his will, or do you want to control him? These were the dilemmas facing Mike, a bodybuilder at the City Gym one summer's evening. Power Buddies is a story that has murder, mystery, romance and sexual domination coursing throughout it. It is a story of men with beautiful bodies who admire other men with equally beautifully-developed bodies as they intensify their relationships with one another. It encompasses men in varying sexual situations from refined bedroom activities to harsh physical domination in dungeons. The term 'pumping iron' takes on a whole new meaning in the escapades of our heroes as they take their body-building out of the gym and into the bedroom, showers and saunas.
