"The Macho Man's Point-it book" is not really a book, it's a tool. Fit for any tool-belt or sofa table. It comes in handy when you want something but don't feel the need to open your mouth in order to get it. Simply flip the pages and point at the desired object, may it be a bottle of beer, the remote control, a steak, or a ten ton caterpillar complete with yellow helmet. Are you macho enough to just point?
