Pharmacology, by George Brenner, PhD, and Craig Stevens, PhD, is a succinct textbook that allows you to move through pharmacology at an accelerated pace, while showing you how to apply the most important concepts to everyday clinical problem solving

and decision making. Online access to Student Consult-featuring with the complete contents of the book...convenient chapter-by-chapter summaries...USMLE-style questions...and much more...enhances your study and exponentially boosts your reference power. The all-new, full-color format in the new edition-combined with a consistent chapter organization-makes learning and review efficient, while straightforward and clear illustrations explain difficult concepts and help you with retention of the material. Thorough revisions throughout provide you with the latest information on pharmacology, and all-new review questions at the end of each chapter help you assess your mastery of the subject to prepare you for both course exams and the USMLE Step 1.

Provides online access to Student Consult where where you'll find the complete contents of the book...convenient chapter-by-chapter summaries...USMLE-style questions...Integration Links to bonus content in other Student Consult titles...and much more-that enhances your study and exponentially boosts your reference power.
