This is a wonderful collection of quilts celebrating the magic of the seasons - inspired by an award-winning quilts and picture book. This adorable collection features four full quilt designs inspired by Sieglinde Schoen Smith's award-winning quilt and children's books, "Mother Earth and Her Children". Each quilt celebrates one of the four seasons,

and features images of children as they discover the wonderful world of Mother Earth. With easy-to-follow instructions on how to recreate Sieglinde's signature style - accompanied by full-colour photography, and full-size fold-out patterns, this is sure to become a firm favourite with quilter's everywhere.
