James Hoff likes to rant against America's consumerist culture. He also likes to rant

against his ex-girlfriend, Sadie, who he feels isn't doing enough to change the world. But just like he can't avoid buying things, he also can't avoid Sadie for long. This is a fantastic, funny, sexy, cool masterpiece from one of the best YA writers at work today, an anti-consumerist love story that's all about idealism, in both James's relationship with the world and his relationships with the people around him.
