Edmonton, circa 1910, never thought of itself as small. The citizens young, an unlikely concentration of resourceful individuals attracted older places where theyd have to wait for middle age to be young city comes alive in the stories they enjoyed telling on their budding metropolis remained stuck at the bud stage for These stories add up to a warm, authentic portrait of Edmonton and in many ways, still is. Readers who enjoy Tony's numerous one-man plays are sure to love "When Edmonton Was Young".
